To Whom It May Concern

Subject: Reference Letter for Mendoza Investments CC JV Supeco

This letter serves to confirm that Mendoza Investments CC JV Supeco carried out 930m fencing work at Ehomba Combined School, located in the Kunene region, in November 2023.

Their scope of work included site clearance, removal of the existing fence, earthworks, installation of security fencing, paintwork, construction of an entrance wall with artwork, earth filling, compaction and hauling, soil crete backfilling, soil poisoning, concrete works (including formwork and reinforcement), brickwork using 7MPa cement bricks, and plastering.

The project was completed professionally and within the agreed timeframe. The company consistently demonstrated a high standard of workmanship and adhered to the project schedule

We were satisfied with the quality of their services and would recommend them for future projects.

Yours faithfully

Otilie N. Mujoro
Head: NamPower Foundation
